

17:00 - 20:00 - FSDI 103 Session #3 Cohort 29

Arrays

- "An array is like list of elements" - Derek, 2022.

myArray =	1	2	10	true	"your name"
	0	1	2	3	4
index					

- We have functions for the arrays: push(), shift(), unshift(), pop(), splice().
- Use [] for add the elements in the array.
- functions, local variables
